**Chidy Wayne : 1,000 Poses in Fashion (1000)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised 1,000 Poses in Fashion (1000):

0 of 0 people found the following review helpful. This book is a keeper By Kens Took a glance at it and it looks to be very beneficial. I'm a photographer but sometimes we need to show people how to model too (lol..). It can be difficult if your model doesn't know how to move their body, stand and look at you, and the photographer has to step in and basically take over (2 jobs in one anyone haha? !). That's where this book comes in. I'll definitely be referring back to this and brushing up on the poses before shoots. 0 of 0 people found the following review helpful. Good Reference By Ivy As a freelance illustrator, and just a visual artist in general, it is a good book to reference out of. I sometimes have a little trouble thinking up of designs for clothes, but when I look at this book I can mix and mash and get ideas. It is also a nice book too look at poses and how clothes hang on the human body both male and female. I mainly had trouble finding fashion ideas for males. This book is very helpful in that department. 2 of 2 people found the following review helpful. Great tool for fashion photographers By PhotosbyCJ Often times I get new models asking me what to wear on shots and how to pose and such. While this book isn't made for photography or for models I have found that it does really well in the field. I can sit down with a model (male or female as this book covers both) and look over the different outfit looks in this book. For those who aren't very stylish it's a way to get the most out of the clothes they already own or to add a couple of pieces to bring together a whole outfit. So because of all of that I give this book 5 stars, it has been more than helpful and will be an important piece in my photography career. The price was great also and the shipping was much faster than I expected it to be.

Ambiguous, sensual, coquette, and suggestive: the one thousand fashion drawing poses in this book are a deep journey into the wealth of possibilities for illustrating male and female bodies, and designers' capacity to transmit sensations with an ever so slight flick of the wrist. 1,000 Poses in Fashion compiles all the usual fashion poses and illustrated features, represented in full color, supplemented by the many variations of each pose, in black and white. The poses show the effects of the way in which the clothes sit on the models, guiding the reader in aspects such as how to give proportion or volume to a garment. 1,000 Poses in Fashion is an essential reference for photographers, fashion designers, illustrators, models, and art directors who are interested in corporal expression in relation to fashion.

About the Author Award-winning fashion illustrator and designer Chidy Wayne has created his own niche in the international fashion scene. The education he received from the Instituto Europeo di Design in Barcelona along with hands-on experience as a men's fashion design assistant at Antoni Miro, and a costume designer for the Festival Grec in 2006, laid a solid foundation for this up-and-coming star. Chidy Wayne is the author of Essential Fashion Illustration: Men. [www.chidywayne.com](http://www.chidywayne.com)
