Sallie Stone : 10 Animal Designs To Color before purchasing it in order to gage whether or not it would be worth my time, and all praised 10 Animal Designs To Color:

The outlines of the silhouettes are very heavy and dark. The panda image is much too black and wasteful of ink.If this was the only kindle adult coloring book available I

would be OK with it but there are much better options available. The print link is in Dropbox, making it a bit tedious, although it is doable. 0 of 0 people found the following review helpful. Animals to make your day happy. By M E Luther My new addiction is coloring books, helps me calm down, helps me relax, and for awhile just escape from life. My imagination is allowed to be as wild as I want, or as pretty or happy or sad, no matter my feeling, I can make the pages just mine. The best part is that with each new book, I find new ideas for colors, or textures. Easy to take with me when we camp. Glad I found these coloring books for adults. 0 of 0 people found the following review helpful. This was not good. By miri pug I chose this rating because I thought that you got to print out the pages and color them. I recommended this for people who want to have advice on how to color not print it out.
