**Angela Schmidt : 101 Cello Tips - Updated Edition: Stuff All the Pros Know and Use** before purchasing it in order to gage whether or not it would be worth my time, and all praised 101 Cello Tips - Updated Edition: Stuff All the Pros Know and Use:

1 of 1 people found the following review helpful. This is ok. By Pen Name I played the cello steadily for 15 years. Now I just play to relax. I expected more from this book. Most of the ideas are elementary-level information. There were a few random subjects that I had not been aware of, a few things I had never been told, but 85% of this book is too basic for anyone over the age of 10.

(Instructional). Ready to take your cello playing to the next level? This book presents valuable how-to insight that cellists of all levels can benefit from, spanning classical to rock music, and everything in between. The text, photos, music, diagrams, and accompanying demo audio tracks provide a terrific, easy-to-use resource for a variety of topics,

including: bowing techniques, non-classical playing, electric cellos, accessories, gig tips, practicing, recording and much more!
