that get under your skin, then this book is for you. Alice is the sum total of darker side of self. She's not good, she's not bad, she's following instinct, combined with supernatural human creativity in coping with difficult situations, never asking whether something is moral correct or not. I think I love this girl. I think I hate this girl. Definitely, I love this book.0 of 0 people found the following review helpful. I truly enjoyed this book. By AndreyI enjoy Anna Ivanovarsquo;s writing. She seems to take average people and weave a web that keeps you reading to find out all the connections. There's not always a happy ending, but there's always satisfaction in a true resolution to whatever conflicts the characters are facing.0 of 0 people found the following review helpful.
