Let Cyreneq inspire you to believe in your dreams and GO FOR IT!By Lady LibrarianWhat an inspiring story! I love it when someone bootstraps up a fabulous life through their own God-given talent and I feel like that is exactly what Cyrene has done. Through a mix of smarts, creativity, good timing and self-belief, she is ruling Snapchat and many other platforms.Let Cyreneq inspire you to believe in your dreams and GO FOR IT!1 of 1 people found the following review helpful. itrsquo;s something like Little Prince meets Napoleon HillBy Mary Verdure Biron TolentinoCyrene Quiamcorsquo;s (CyreneQ) breakout book, 11 Seconds to Success is more than just a book - itrsquo;s practically, a game plan, with a workbook to boot. Definitely non-fiction, it is packed with vignettes and affirmations, and is an ideal eye-opener for those who want to jumpstart their career or revive a sluggish one. Thoroughly millennial in look, tone, and content, itrsquo;s something like Little Prince meets Napoleon Hill. Itrsquo;s a fresh take on what we all know as common sense; surprisingly, you find yourself highlighting more passages of the pre-highlighted book as one AHA moment comes after another.To begin with, who is CyreneQ? In a nutshell, she is a success who has the credentials and the track record and a strong sense of paying it forward (partly through this book). A magna cum laude with 3 art majors and a minor, tells us that Cyrene means business. What the readers get is a DIY manual of how this immigrant struggled with shyness and rose to fame from a talented, but obscure graphic artist whose first commissioned work on Snapchat fetched \$500 to her current status as the toast of social media. A certified true-blue influencer, she is now charging as high as \$50,000 per contract, hobnobbing with celebrities and getting featured in prestigious names like Forbes, Fast, Entrepreneur, Cosmopolitan and Mashable, with the list growing as we speak.Why 11 Seconds to Success? The book title is a take on Snapchatsrsquo;s disappearing format of 10 seconds, which can only be extended by the getting a screenshot or the 11th second. But for us readers of the book (who may not be updated on social media trends), it means 11 chapters of hand-holding, introspection, brainstorming and visualizing. Cyrene is a survivor who tells you to take chances and apply (itrsquo;s free), persist, hone your skills, critique yourself and having done all the hard stuff - relax and dream again!Each chapter begins with a narrative of significant stages in Quiamcorsquo;s life that is relevant to her success. The text shows how she creates a novel experience out of mundane ones and always view the veritable half-empty glass as one that is half-full and just waiting to be filled.This book encourages you to make a journey - to claim wealth, joy and fulfillment. The blank pages are for you to fill-out with your own dreams. Here you face your nemesis, forgive yourself, start over and basically create a business plan for where your bliss and passion take you.
