This book is an item that if you pursue anything in it, the cost of the book is nothing compared to the stuff you can do with itBy M.WOOLARDThis is a staple on my bookshelf every year. If you are a photographer at any stage of your career, I believe this book is something we can always refer to for possible jobs that we may be interested in pursuing. I have done a couple of things that have certainly paid off every year that I have bought this book and I have NO complaints-only high regard for those that put this book together. Many Thanks.0 of 0 people found the following review helpful. Save Your MoneyBy Cali BasedDidn't get near as much out of this book as I thought I would. Information seemed dated and I never found any of the contacts useful.0 of 0 people found the following review helpful. Five StarsBy deborah estensenGreat book. Great service
