The designs allow some "play" with newer yarns on the market will appeal to the younger crowd, as well. There's a wide variety of patterns offered. I don't get much time to knit, but I love to knit. This book was a great solution for my personal situation - a hectic home schedule! The photography is nicely done, provides good photos of each project. A little bit of imagination on behalf of the individual knitter would take what this book has to offer, far! It's a nice surprise!1 of 1 people found the following review helpful.
