Rita Weiss : 24-Hour Quilting Projects (Dover Quilting) before purchasing it in order to gage whether or not it would be worth my time, and all praised 24-Hour Quilting Projects (Dover Quilting):

0 of 0 people found the following review helpful. Winter projectsBy Barbara CatanzaroI ordered this book as a winter projects thing. So I haven't actually made any of the patterns but I have read the book it appears to be very concise very complete and has beautiful illustration. I have no problems with delivery.1 of 1 people found the following review helpful. Fairly Easy to make small quilt projectsBy iiiireaderThis book is a reprint of the same book from 2005. Because of this, it will be highly improbable for you to find the same exact fabrics as shown in the book. I've found that quilt fabrics go out of production fairly rapidly, so I am always happy to just use the fabric in photographs as a general guide rather than a specific one.I have quilted on and off for more than 30 years. I have made quilts by hand and by machine. I have pieced quilts and appliqued them as well. I have used scissors, rotary cutters and even both manual and electric fabric cutting devices (such as GO) to cut pieces of fabric. I've quilted by hand, by machine and with free-embroidery stitching by machine. Even so, I don't consider myself more than an advanced beginner to

intermediate in quilting. I enjoy the process but have never spent months developing a project. Because of this, I was happy to see a 24 hour quilt project book. It's interesting that the author has given times next to each project but, for me at least, it takes a lot longer to finish than she estimates. The projects are fun and give you a taste of various ways to make a quilt. The descriptions are good as are the visual instructions. I think it is a great book for beginners to use. The only issue I have is that there have been a lot of new products made available in the last decade and those are not discussed in the book. I would consider it a good add-on to a new quilters library but not a definitive book for their use. I was provided a temporary digital advance reader copy of this book by the publisher, Dover Publications, via Netgalley. 0 of 0 people found the following review helpful. I discovered I loved the results of quilting at an early age watching ... By DelAnneTitle: 24-Hour Quilting ProjectsAuthor: Rita WeissPublished: 3-15-16Publisher: Dover PublicationsPages: 128Genre: Crafts HobbiesSub Genre: Home Garden; Needlecrafts Textiles Crafts; Quilts QuiltingISBN: 9780486800318Reviewer: DelAnneReviewed For: NetGalley. I discovered I loved the results of quilting at an early age watching my grandmother and her friends working around a quilting frame that she kept in her craft room. When it was not in use it was raised up out of the way then lowered when there was time to work on the quilt. The ladies would drag in chairs from the dining room and spend hours working, talking about their lives and their hopes and fears for the future. My grandmother and her friends would then give the quilts as gifts or donate them to someone who needed them. Unfortunately I was never good with mitering the corners and got away from doing quilts for years and only started again when my nephew was born nearly 20 years ago and I found a quilt that did not require perfect corners. It was ten years later I discovered yo-yo quilts and could indulge myself. Then I was given a copy of 24-Hour Quilting Projects by Dover and NetGalley to review. I so wanted to see if perhaps I could try again. I began with Ragged Pinwheels. I was slow it took almost 4 days to complete, but it turned out to look just like the picture. I did my happy dance and petted the quick like it was the softest fur. I am so proud of myself. Feeling brave I went on to try the Mini Floral Appliqueacute;. It had bigger pieces so I figured I have less corners to mess up. Surprise I quickly finished it my corners look great. I cannot wait to try the others. I will definitely have to buy 24-Hour Quilting Projects as my limited time to review it is almost up. Rita Weiss has given clear instructions with plenty of photos to illustrate them. I hope Ms. Weiss realizes how much she has boosted my confidence and allowed me to indulge in some very precious memories of times shared with my grandmother, my mother and some wonderful women who shared their time and talents with a young girl who admired them very much. Check out 24-Hour Quilting Projects. Even if you have never tried a quilt before I guarantee you will be able to do the Ragged Pinwheels and with time and practice the others as well. The title says 24-Hours but if you take longer do not give up. The results are beautiful and can be enjoyed for generations. A definite 5 out of 5 Stars. Any more quilting projects or any 24-Hour project books on the horizon?

It doesn't have to take months or years to make a quilt ? believe it or not, these patterns require only 24 hours or less! Whether you're an absolute beginner or an experienced quilter, these simple instructions for 20 projects offer everything you need to know from start to finish. You'll discover innovative, time-saving techniques that make fast work of cutting and sewing heirloom-quality quilts. Full-color photos illustrate directions for pinwheel layouts, zig zag arrangements, patchwork designs, and appliqueacute; motifs. Create wall hangings, decorative throws, and traditional quilts of all sizes that will add charm to any room. This wealth of projects mdash; many of which can be finished in just six hoursmdash;offers designs that look as if they took months to stitch. In addition to their keepsake value, the quilts make wonderful gifts for all occasions.
