guitar! By Rich KIf you're exploring country guitar and want more than a book of 'country licks' this is a great book to  
pick up. Tab and explanations are great and recorded solos sound VERY close to the originals. Probably not a book for  
absolute beginners as some of the solos are pretty challenging. But intermediate to advanced players exploring country  
guitar will be pleased. I didn't use the 'amazing slow downer' as the book recommended. I use Audacity for all of  
pitch/tempo needs when learning songs/solos. ENJOY!!

(Guitar Book). From Merle Travis and Chet Atkins to Vince Gill and Brad Paisley, this book/audio pack offers an inside look at the genesis of country guitar. Provides solo transcriptions in notes tab, lessons on how to play them, guitarist bios, equipment notes, photos, history, and much more. The audio contains full-band demos of every solo in the book! Songs include: Country Boy \* Foggy Mountain Special \* Folsom Prison Blues \* Hellecaster Theme \* Hello Mary Lou \* I've Got a Tiger by the Tail \* The Only Daddy That Will Walk the Line \* Please, Please Baby \* Sugarfoot Rag \* and more.
