This was no surprise, but is slightly discouraging for my sons, who want to play like Luka and Stjepan! On the other hand, it is an incentive for them to practice!0 of 0 people found the following review helpful. Only got cello 2 partBy CustomerI ordered this as a gift to my friend and only received the sheet music for the second cello part. I was under the impression that I would also get a score and both individual cello parts, but the music was still in good condition.1 of 1 people found the following review helpful. 2Cellos does it again!By ReneeThis is by far my favorite album. Especially like there is only one featured artist, LangLang on the piano, which is great. No singing! I bought the deluxe edition which included the DVD of several of the music covers. GREAT ALBUM! Keep up the great music.Renee
