On some songs, as many as 4 separate guitar parts get full TAB.Someone really did the homework on this one. And I'm not a major 38 Special fan. I only wanted the book to learn a couple songs. If you're a big fan of the group, this collection will be a major find for ya!0 of 0 people found the following review helpful. Caught Up In It...By CustomerGreat Book From A Great Band.Accurate And Excellent Choice Of Songs...Get It!!!1 of 1 people found the following review helpful. Great way to learn some 38 Special songsBy SduI have a number of the Tab books and the Hal Leonard (Guitar Recorded Version) are the very best! Some of the other brands are kind as well written or have all of the guitar parts separated. I don't know how you can figure out a band like 38 Special that had 3 guitars going on

many songs at the same time some of these even have 5 parts. How do you hear all of that? Or are they getting the original master tapes and can go through each part separately? Whatever they do these are the very best of the Tablature Music Books! Buy with confidence very few mistakes.

(Guitar Recorded Versions). Transcriptions of 15 arena-rock favorites from the popular Southern rock band featuring guitarist Jeff Carlisi. Includes: Back Where You Belong * Caught Up in You * Fantasy Girl * Hold On Loosely * If I'd Been the One * Like No Other Night * Rockin' into the Night * Second Chance * Somebody like You * Teacher * You Keep Runnin' Away * and more.
