So, I got this "4 Chord Rock" book today, and I was a bit skeptical since some books are way too difficult for beginners even though they are advertised as such. I opened up the book, and immediately started playing the chords and singing along with several great songs found in this book! I have no doubt that, with a little practice, I will master playing the chords and perhaps even the finger picking parts. I am really happy with this purchase and I recommend it for the true beginner (1st year) guitarist. I may just go purchase the "3 Chord Rock" and "5 Chord Rock" books now, too!1 of 1 people found the following review helpful. And once you zoom in, you can't turn the page without

undoing the zoom. This doesn't make for smooth guitar playing. 2 of 2 people found the following review helpful. Not a bad book

This book is OK. It's helping me understand the chords better in my playing. Not sure if I would purchase another of this 4 chord type of book or not. I would certainly need to review the list of songs prior to purchase.

(Easy Guitar). Sound great playing these 22 hit tunes, even if you know only four chords! Easy guitar arrangements of 22 songs: Blowin' in the Wind * Brown Eyed Girl * Candle in the Wind * Drift Away * Every Rose Has Its Thorn * Fields of Gold * Have You Ever Seen the Rain? * I Saw Her Standing There * I Shot the Sheriff * I'm a Believer * Jessie's Girl * Last Kiss * Learning to Fly * No Woman No Cry * Pink Houses * Should I Stay or Should I Go * Stuck in the Middle with You * Surfin' Safari * Teach Your Children * Turn the Page * Wanted Dead or Alive * Wonderful Tonight.
