This might be fine if you either know the songs by heart or you're great at reading music but if neither then you will be lost trying to learn the songs simply by playing the chords. Because ALL the songs are theses SAME four chords they pretty much sound all alike! lol Kinda ridiculous, really!0 of 0 people found the following review helpful. By Danny Crossett
The book has some good songs but this is a beginner book and I do not like the way it is laid out. Instead of having all the verses right under the cords they have only the first verse with the cords and the other verses printed with no cords at the end of the music.

(Ukulele). Play 50 songs by mastering just four chords! Songs include: Brown Eyed Girl * Burn One Down * Cupid * Every Rose Has Its Thorn * Follow You Down * Garden Party * Have You Ever Seen the Rain? * How to Save a Life * I Knew You Were Trouble * Last Kiss * Let It Be * One Love * The Scientist * Save Tonight * Slip Slidin' Away * 3 AM * Wagon Wheel * Who'll Stop the Rain * Wonderful Tonight * and more.
