**Marvin Dahlgren, Elliot Fine : 4-Way Coordination: A Method Book for the Development of Complete Independence on the Drum Set** before purchasing it in order to gauge whether or not it would be worth my time, and all praised 4-Way Coordination: A Method Book for the Development of Complete Independence on the Drum Set:

0 of 0 people found the following review helpful. Essential for Trap drummersBy Jorge BarbarosaEssential for the those wishing to improve on the drum set. Helps to break in to this contraption (which is were the identifier TRAPS originated).0 of 0 people found the following review helpful. Five StarsBy Customerexcelente0 of 0 people found the following review helpful. the exercises a great and sometimes coordination exercisesBy ShawnThe notation is completely different than other drumset music, and took a little while to get used to. Once past that, the exercises a great and sometimes coordination exercises. Overall, this is a great method book for students.

Proficiency as a drummer has always come from great hand dexterity. However, with the introduction of modern drumming techniques, it has become increasingly necessary to gain complete independence of both the hands and feet. With various rhythmic exercises in easy-to-read notation, 4-Way Coordination is designed to guide the drummer from simple patterns to advanced polyrhythms. Through the study of this method book, the student will gain invaluable listening skills and techniques that will provide insight to drumming in all styles.
