My husband liked this bookBy Ringolover5My husband liked this book. He's about 6 months into his piano lessons and was able to pick it up fairly easily. One thing to note though, we found out from his piano teacher that some songs aren't written in the original key. They're written in a key that's easier to learn so you may get the "dirty eye" from classical piano enthusiasts, lol. But they're still fun to learn.1 of 1 people found the following review helpful.
