It's got denim-styling tips galore, including classic denim staple outfits, and some tricks I'd never think of in a million years (a cumberbund over a high-waisted pair?! a denim-inspired smokey eye?! YES PLZ). Such a great follow up to 50 Ways to Wear a Scarf! 2 of 2 people found the following review helpful. If you own jeans, you should own this book! By jsweiss What a fun read. Great illustrations-- you notice something new each time you look through it! Perfect book for picking up on the days when you're in need of some inspiration when getting dressed (and making use of what you already have, but just can't figure out how to wear). Makes an awesome gift too! 1 of 1 people found the following review helpful. This book is a wonderful follow-up to Friedman's "50 Ways to Wear a Scarf" By HM-Michigan This book is a wonderful follow-up to Friedman's "50 Ways to Wear a Scarf," which I also recommend. Buy several - they make great gifts, but you'll want one for yourself, too! It's the kind of book you

can read again and again!
