Helen Rawson : 600 Years in the Making: Highlights from the Museum Collections of the University of St Andrews (Shire General Custom Publishin) before purchasing it in order to gage whether or not it would be worth my time, and all praised 600 Years in the Making: Highlights from the Museum Collections of the University of St Andrews (Shire General Custom Publishin):

This guidebook presents stunning highlights from the treasures of the University of St Andrews collection, revealing objects from around the world and from ancient times to the present day. Featuring specially commissioned photography and articles on each object by the museum's co-director, this book brings the stories of these fascinating

objects to a wider audience for the first time.
