David duChemin : A Beautiful Anarchy: When the Life Creative Becomes the Life Created before purchasing it in order to gage whether or not it would be worth my time, and all praised A Beautiful Anarchy: When the Life Creative Becomes the Life Created:

0 of 0 people found the following review helpful. This book should be required reading in every school, not just art school. By Brian Malloy Photographer If you are not familiar with him and his work then I suggest you google him, youtube him or just buy any one of his books. David is the jedi master of creativity., This book, A Beautiful Anarchy is such an incredible piece about the creative spirit, it should be required reading in every school, not just art school. David has a gift for writing and creative a narrative that is natural and down to earth and hits you in the core. As a photographer myself, David's words of wisdom have helped me keep the embers fanned and the fire lit. Do yourself a favor and read this book. It will change the way you see things..... Brian Malloy Professional photographer [...] 2 of 2 people found the following review helpful. and I haven't been disappointed. He definitely is more than a "craftsman" of ... By prairykduChemin's personal observations about creativity are really interestingmdash; sometimes almost a little hard to swallow, even, but right on target. I bought the book because I am mesmerized by his photography and his approach to the art, and I haven't been disappointed. He definitely is more than a "craftsman" of his art, digging deeply into emotion and feelingsmdash; which is why his images are more than simple pictures. I am enjoying the book immensely. 0 of 0 people found the following review helpful. It's about painting the canvas of your life with full and brilliant color. By Stephen Kalman If you do nothing else, open the read-now section and read the introduction. Twice. It will stick in your head from today onwards. Next, buy this book. It isn't about photography, per se. Not even so much about art alone. It is about following your heart and living the life that you want to lead. You can buy this book and read it with your mind. To get full value, read it with your heart.

A Beautiful Anarchy is a vulnerable, honest, and insightful book about the human longing to create, whether yoursquo;re creating a family, a business, a book, or a photograph. Your greatest creation can be an intentional life lived on your own terms. What is our life but a chance to make the greatest art of all? If you already identify as a creative person, this book is an invitation to more intentionally explore your creative process. If you've ever said, ldquo;But Irsquo;m not really creative,rdquo; itrsquo;s a call to exhume a part of yourself that desperately needs to get out and breathe. This is an honest discussion about creativity and the obstacles that stand in your way on that journey. Itrsquo;s an invitation to consider the creative in all of us, and to recognize that your best work will always be done when you colour outside the lines and listen first to your own voice. Truly exceptional, authentic lives have never belonged to the talented or the fearless, but to those who find the courage to do their work, and to be themselves.

ldquo;I knew in the first few pages that David has done it again. The literature of photography and creativity has just been changed, once again, in a profound and beautiful way. This is not a book just for photographers. Itrsquo;s a book that anyone with a desire to lead a better more creative life should read. There were times when, without exaggeration, I felt as though I was reading what might be considered the Bible of Creativity. Irsquo;ve never felt so proud and happy to already be living the creative life, and so empowered and inspired to continue to forge ahead to new and hopefully higher ground.rdquo; ~ Martin Bailey ldquo;David duCheminrsquo;s A Beautiful Anarchy is more than a book. Itrsquo;s a call to be truly alive! The powerful stories and principles shared will teach you how to create personal freedom, make your mark, and live with passion. Read this book and do something brilliant with your life!rdquo; ~ Richie Norton, Author of The Power of Starting Something Stupid ldquo;A Beautiful Anarchy is raw energy bundled up in a book, and opening its cover is like lighting a fuse. This isnrsquo;t an ordinary book. Its message is challenging and liberating at the same time. What I like best is that Davidrsquo;s words are grounded in a life that is well lived. Reading it is like gaining access to the mentor and friend I always wished I had. Read this book if you want to make more meaningful photographs and live a more complete life.rdquo; ~ Chris Orwig, Author of The Creative Fight ldquo;Every once in a while a book comes along that isnrsquo;t just informative and interesting but actually opens up possibility where before there was none. A Beautiful Anarchy by David duChemin is that book. This candid manifesto for the creative goes beyond philosophy and invites the reader to reconsider how they relate with what they fear and to systematically reinvent that relationship in order to create a remarkable life. Highly recommended.rdquo; ~ Dane Sanders, Author of Fast Track Photographer ldquo;David believes, as do I, that we are made to create. Not some of us. Not just a select few. But all of us. A Beautiful Anarchy is a book about being free. Free from that lie of lsquo;Irsquo;m just not really creative.rsquo; And itrsquo;s about what it looks like to be there. How we can choose to live life on our own terms, to live intentionally, and make art with our lives. My favorite idea from the book is the idea of your life as a canvas. Yoursquo;re free to paint the canvas with whatever you want. But, as David says, lsquo;Donrsquo;t you dare let it be blank.rsquo;rdquo; ~ Chris Creed From the Author ldquo;David believes, as do I, that we are made to create. Not some of us. Not just a select few. But all of us. A Beautiful Anarchy is a book about being free. Free from that lie of lsquo;Irsquo;m just not really creative.rsquo; And itrsquo;s about what it looks like to be there. How we can choose to live life on our own terms, to live intentionally, and make art with our lives. My favorite idea from the book is the idea of your life as a canvas. Yoursquo;re free to paint the canvas with whatever you want. But, as David says, lsquo;Donrsquo;t you dare let it be blank.rsquo;rdquo; ~ Chris Creed About the Author David duChemin is a world and humanitarian assignment photographer, best-selling author, and international workshop leader whose spirit of adventure fuels his fire to create and share. Based in Vancouver, Canada, David

chases compelling images on all seven continents. When on assignment, David creates powerful photographs that convey the hope and dignity of children, the vulnerable, and the oppressed for the international NGO community. When creating the art he so passionately shares, David strives to capture the beauty of the natural world. Find David online at davidduchemin.com.
