By Mimi Tolman
As a former resident of Fairplay and a direct descendant of some of the early pioneers, the book presented a clear and concise background of life in early Fairplay. I am anxious to read the corresponding book on AlmaMs Linda Bjorklund did a superb job(signed) Joseph B Tolman son of John D Tolman and Barbara Singleton (daughter and granddaughter of the Bank of Alma Singleton's)

Great book with reading if you are interested in the history of this area. Quick, easy

read. I was hoping to see more information on the surrounding area, specifically the Weston pass area where I have a place, but you can't cover everything. Thanks for writing a book on the town.0 of 0 people found the following review helpful. FairplayBy Joanne SmithI have been reading her articles ion the local papers and have really enjoyed the articles on the old buildings. I was disappointed on. How dry the book was.

Explore Fairplay from the beginning with local historian Linda Bjorklund as she traces the town's story through Spanish settlers, early American government, Union-Confederate tensions and modern development. Even though Fairplay's remarkable gold and silver boom was reduced to ash overnight in 1873, a strong community overcame history's challenges and preserved its treasures. From the popular annual Burro Days to the Way of Life Museum, Fairplay gives folks a chance to celebrate and relive its rich mining history through festivities and time-capsule buildings such as the general store, drugstore, bank, Summer Brewery and Summer Saloon.

About the AuthorLinda Bjorklund is a retired CPA with a very active interest in local history. She is a member (and past secretary) of the Park County Historical Society. She has also served as Secretary-Treasurer of the Park County Local History Archives and was a former Museum Director of the South Park Historical Foundation.
