Some reviews are even for the soundtrack CD! How do you know which one you're getting, when all the reviews are lumped together??? I wanted to make sure I was getting a version for my child was neither too easy nor too difficult. I did a little research on Sheet Music Plus. Just make sure to check the ISBN number on the version you are ordering off . Here are the descriptions:ISBN 0634029827 Piano/Keyboard - SMP Primer Level (Early Elementary) Very beginning music. Five-finger positions with no chords and almost no hand position movement. This book has duet part for the teacher.ISBN 0634029800 Piano/Keyboard - SMP Level 4 (Intermediate) Introduction of 4-note chords and sixteenth notes. Hand

movement covering 2 to 3 octaves.ISBN 0634029797 Piano/Keyboard - SMP Level 7 (Late Intermediate) 4 to 5-note chords in both hands and scales in octaves in both hands.0 of 0 people found the following review helpful. Get this and sound like Vince !By Paul CGreat songbook! I picked this up to play some of the songs for a Christmas dinner this year. The arrangements seem very true to the recording, aside from all of Vince's fancy solos, which I'm not really up to playing anyway :) There is something magical about being able to play the opening to O Tannenbaum, just like on the record. Very pleased with my purchase.I purchased the Kindle version and was able to view it on my iPad for practicing using the Kindle app. Saved a few bucks, got access right away, and was able to start practicing.This review is for this version: A Charlie Brown Christmas(TM) Songbook which is the "advanced" version of this songbook. If you are looking for the arrangements that are true to the recording, this is the one you want. Cheers!0 of 0 people found the following review helpful. This is NOT the Kindle version of the Piano Solos Book, as linkedBy MarieThis review is in reference to how this book is linked on .In an effort to purchase the original songbook of piano solos, I mistakenly purchased this 5-finger edition because it is listed as the Kindle version of the songbook. It's obviously not; it has a different ISBN number and is a 5-finger version of a late-intermediate piano skills book.It's unfortunate that I can't get my money back for a mistake that has on its website; it's not like I will be using an ebook for a 5-finger piano book (if it were printable, I might be able to use it for a student, but for personal use, it was a waste of \$8.)And now I still have to pay for the hard copy! Disappointed.

(Five Finger Piano Songbook). This beloved holiday classic is eagerly anticipated every season by kids of all ages! This songbook features five-finger piano arrangements of all 10 great Vince Guaraldi tunes from the soundtrack: Christmas Is Coming * The Christmas Song (Chestnuts Roasting on an Open Fire) * Christmas Time Is Here * Fur Elise * Hark, the Herald Angels Sing * Linus and Lucy * My Little Drum * O Tannenbaum * Skating * What Child Is This. Also includes pages of BW Peanuts line art.
