A delightful look at redheads...By Jill Meyer Thirty-some odd years ago, I gave birth to my second child, a boy born with tufts of bright orange hair all over his head. To say it was a shock is a great understatement, but after getting over that initial shock and the questions I had to answer - the color of our milkman's hair, for instance - the sheer joy of raising an orange-headed baby boy settled in. Trips to the local grocery store where we ran into old Italian ladies who would pat my boy's head for "good luck" was just one of the interesting experiences we had as the baby with orange hair grew into the young man with still orange, but slightly darker orange, hair. That boy married a young woman with lots of orange hair in her family and we were all excited to see if their first child would be another redhead. Well, she was, though with dark red curls rather than the straight

orange of her father.I found Elizabeth Graeber's utterly delightful book, "A Field Guide to Redheads: An Illustrated Celebration", and bought a book for my son and granddaughter and the Kindle version for myself. What a wonderful book it is, too, with Graeber's illustrations of redheads from ancient times to current day. She throws in some facts as well as some recipes for Carrot Soup and Chewy Ginger Snaps (in honor of those two British gingers - Prince Harry and "Ginger Spice"), as well as instructions on how to mix a Rob Roy, in honor of the Scottish outlaw.I don't think you have to either be a redhead or have one as a loved one in order to enjoy Elizabeth Graeber's book. But it's sure nice to have pictures and facts to reiterate you're not alone in the world. Sometimes being a redhead is a bit lonely in the crowd of blondes and brunettes, but Graeber's book will make you feel as special as you are.1 of 1 people found the following review helpful. A unique and beautiful gift for the redhead in your life.A Field Guide to Redheads celebrates that rarest of creatures—people with red hair account for less than 2% of the population—in the most whimsical and irresistible way. Illustrated by Elizabeth Graeber, a redhead herself, this pretty little hardcover gift book presents a pantheon of 100 famous redheads, both real and fictional. Each page is a treat in how it surprises and pleases, acting as a field guide to every type of redhead, whether amber or auburn, ginger or strawberry: David Bowie and Rita Hayworth; Archie, Adele, and Axl Rose; Malcolm X, Sylvia Plath, and Yosemite Sam; Eric the Red, Louis C.K., Anne of Green Gables; Woody Woodpecker and Morris the Cat. Not to mention Napoleon, Shirley Temple, and those Raggedy Twins, Ann and Andy. If you are a redhead, celebrate your place among such distinguished company. If you love, or are loved by, a redhead, discover just how special the world is that you orbit.

“Whether you’ll give it as a gift to your favorite red-headed pal or spend an afternoon poring over Graeber’s gorgeous cartoons, this clever exploration of redheads modern (Ed Sheeran) to fictional (Anne of Green Gables) is downright delightful.” Entertainment Weekly “This book is absolutely perfect for the pint-size redheads in your life. It’s an inspiring dose of self-love and celebration.” BUST.com
