Tammy Newsom : A History of Peace in Dayton, Ohio before purchasing it in order to gage whether or not it would be worth my time, and all praised A History of Peace in Dayton, Ohio:

While the Gem City is better known as the birthplace of aviation, Dayton has an impressive history of working toward peace. Generations of Daytonians worked passionately to create a nonviolent and welcoming community to inspire others. Abolitionists assisted escaped slaves from one Underground checkpoint to the next. Quakers peacefully

abstained from war and chartered several colleges in the Dayton area. The Wright brothers invented the airplane to end all wars, and the landmark Dayton Peace Accords famously ended the war in Bosnia and Herzegovina. Author Tammy Newsom explores the inventiveness, compassion and courage of the men and women who have made Dayton a city of peace.
