Charming Quick Entertaining Read for the Cat Lovers Out There!By Kathleen O'ConnorCharming quick entertaining read for cat lovers--the wonderful, terrible, quirky, perplexing, sustaining nature of our cat companions and how we feel about them is in every page. I'm a life long animal lover, and have always had 3 cats (for their mutual company) for the last 30 years. I could never have gotten through it without them. A testament to their importance in my life: I dedicated my Ph.D. dissertation not to parents or human friends, but to my 3 cats without whom I could never have completed it. Moves and housing have always been planned to include them without fail. Animal companions are for life--and they repay us 1000 fold. This book is like a companion to the other similar volume, A Letter to My Dog, which I also enjoyed. God bless our furry friends....2 of 2 people

A heartwarming book for all animal loversBy Tia's MomAs a lifelong animal lover, adopter of numerous strays over the years and currently proud mama to 2 INCREDIBLY SPOILED rescued cats, I LOVED this book immensely, so much so that I purchased another copy for my daughter who lives in California, works for a major animal pharmaceutical company, and recently adopted a rescue cat of her own. It's hereditary, we are all "stray magnets" in our family - and that's OK. This is a very heartwarming book filled with love, hope and wonderful stories of selfless animal lovers giving animals in need loving homes. A great "feel good" book that spreads the word that, "We are Their Voice." Please visit your local shelter and save a life (or two!).0 of 0 people found the following review helpful. 100 starsBy Rosemary ReaderJust a sweet little book. I could identify with almost all of the feelings and words in the letters. For those of us that have been blessed to have been owned by felines, these letters say it all.

The follow-up to A Letter to My Dog takes on cats, with celebrities writing letters of love and gratitude to their beloved pet felines. Alluring, elusive, mysteriousmdash;the cats in our lives are not always easy to get to know. But as with all pets, they have unique personalities and stories to tell. Alongside beautiful four-color photos of their cats, A Letter to My Cat collects personal letters from celebrities offering love and gratitude for all that their cats bring to their lives.
