Bob Krist : A Photo Tour of New York (Photo Tour Books (Paperback)) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Photo Tour of New York (Photo Tour Books (Paperback)):

No maps or suggested walking tours. It covers the obvious about NY - even if you've never visited. Krist is an excellent photographer and it puzzles me why he selected such poor quality photos for this book.0 of 0 people found the following review helpful. All the pictures are vivid and bright and many are panoramic. The book contains photos from all the famous spots as well as some that are not as well known. My favorite are the skyline photos, and there are many. A must have for a lover of NYC!

This post-9/11 second edition includes updated panoramic skylines and eight pages about the World Trade Center site, showing Ground Zero, memorials, and before-and-after pictures.
