Before you scoff, remember that most scripted shows are quite formulaic. Why? Because the formula works. Clearly written.2 of 2 people found the following review helpful. Great refresher and easy referenceBy JeanneVB "Believe in what you write. If you do, your audience will as well." Just one of the insightful pieces of advice Ray Morton delivers in 'A Quick Guide to Screenwriting.' What I love about Ray's book is how he delivers so much information in a short and to-the-point way, taking you from idea to rewrite in just 100 pages. Even a seasoned writer needs a reminder every now and then, and Ray's advice delivers just that. In fact, I pulled Ray's words out this weekend as I started an outline for my new story to double check the structure. Bottom-line, every writer should listen to a professional script reader, and Ray is the best. Hands down.~ Jeanne Veillette Bowerman, Editor 'Script Magazine'
