ARVID F. SPONBERG : A.R. Gurney (Casebooks on Modern Dramatists) before purchasing it in order to gage whether or not it would be worth my time, and all praised A.R. Gurney (Casebooks on Modern Dramatists):

0 of 0 people found the following review helpful. Great text but expensive. By dissenterBrilliant commentaries on Gurney. Dense, academic stuff but I found it useful.

This is the first full-length study devoted to the art of A.R. Gurney, a major contemporary American playwright who has written over thirty plays, including Love Letters. This volume brings together original interviews with Gurney and four actors and a director who have worked closely with him, as well as essays by leading theater scholars on the range

of Gurney's work.
