**Coloring Therapist : Abstract Coloring Designs: An Advanced Coloring Book For Adults (Abstract Designs and Art Book Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Abstract Coloring Designs: An Advanced Coloring Book For Adults (Abstract Designs and Art Book Series):

0 of 0 people found the following review helpful. awesome and fun!By nicholas bigsterGreat ebook for coloring. My son loves to color and these are more adult books but they are really fun. Overall good to take on trips or to have in the car. There are many different pages for coloring just print them out and you have great outlines.We received this product with a discount from this seller in exchange for my honest an unbiased review.**STAR RATINGS:** Each product is carefully reviewed in an unbiased manner. Star ratings are earned, never given.**1 Star:** This product is not worth your time. There may be something wrong in the product details or description, it does not live up to what it is advertised as or made extremely low quality. I would tell my friends, acquaintances, and strangers that they shouldn't use their hard earned money on this product.**2 Star:** This is not a great product at all. It has mistakes in the product details or description and does not live up to what it advertises or normal customer expectations. It is still now worth the money.**3 Star:** This is a neutral rating. I could take it or leave it. It met the product description and details for the most part but isn't something I am ever likely to order again. It could have some really cool features, An awesome looking design, Or maybe it's just a killer deal. But overall the price of the product is not worth it.**4 Star:** I like

this product. This item has met all expectations, The design is sound, The build is great and the product does what it was made for. It's a great product that I can recommend buying. However it didn't completely wow me. It does what it is supposed to do. This is what most products fall under. 5 stars: Wow! This item is amazing, I absolutely love it, it is an exceptional, impressive product. Not only does it meet all expectations but it's a product that's well made (designed, formulated, composed, etc) and lives up to the product details and description. It exceeds normal consumer expectations. 0 of 0 people found the following review helpful. **good stress reliever** By Amanda Although this e-book cannot be colored on any device, I still give it 5 stars because if you know a way to print these pages out, you can, in fact, color them. My mother first introduced these books to me when she had foot surgery and was stuck at home for 4 weeks with nothing to do. She bought the physical books and had a blast coloring them. It made the time seem to pass quicker and it was a stress reliever for her. The way I printed these out was go into the Kindle app (works on computer or phone/tablet), took screenshots of each page, highlighted all screenshot thumbnails at once and opened these screenshots together in one window using 'preview' on Mac. Once opened, I selected all screenshots on side column and clicked 'print' to get the print window to show up. You can try to print these at this point but I didn't try so I don't know how it will turn out. What I did was, at the bottom of the print window, on the left, is a drop down box that says 'PDF'. Click that box and scroll down to 'save as PDF'. It will then ask you to name it and choose where you want it on your computer. After it has completed, find the PDF file on the computer and open that and I printed it from there. Came out beautifully!! This was done using a Mac so I am not sure that a Windows computer has that option. If this doesn't work, simply taking screen shots of the pages and printing those individually should do just as well. I love the patterns in this book. I don't see why others gave less than 5 stars for something free. **Disclaimer:** I was given the opportunity to buy this product at a discounted price in exchange for my honest and unbiased review. I make sure that I personally test out and use every item I receive before writing any type of review. I was not influenced by the company in any way, I was not compensated for this review. I was not told what to write, how many stars to leave or anything along those lines. These are my own opinions. I will update or add to my comments if something should change in the future with this product so that it can remain my true and honest review. I understand how much help reviews are when deciding to or not to purchase an item and I take this very seriously and will only provide my own true unbiased feedback. Thanks for reading my review and if it was helpful to you, let me know by hitting the 'yes' button below my review. If it did not help you, feel free to leave a comment and I will try to answer any further questions you may have about the product. 1 of 1 people found the following review helpful. It was very easy to print wirelessly to my printer. By justus8065 I suffer from anxiety and when I have a few moments of downtime, this is a relaxing way to clear my mind. The images were very intrinsic. It was very easy to print wirelessly to my printer. I loved that it is an eBook because I can print out as many images as I want, and not have to worry about purchasing a book (typically expensive) and once you've colored the pages, that's it. I can also adjust the sizes on my printer so the images can be full page or small. My toddler also saw me coloring and wanted to participate. I only gave it 4 stars because I wish there were more images present. I was asked to review this item and I did receive the item at a discounted price. I'm not paid to give my opinion.

**IMPORTANT - EBOOK** edition of this book is an ART BOOK and not used for coloring on the device. The eBook is a preview providing useful content on the benefits of coloring for both children and adults, also showing the brilliant designs available in the physical copy of the book. A BONUS link in the book lets you download books with high quality coloring book PDF pages with dozens of illustrations that readers can PRINT. The download is optional, it is not the main function or purpose of this ebook - PRINT REPLICA. Who's up for some abstract painting? Maybe not on canvass but on sheets of pages. Coloring releases your inner artist. It is one of the few activities out there that let you decide on your own and come up with beautiful works of art every time. The power of coloring lies in its many possible combinations. Are you ready to see what you can do with a coloring tool?
