My playing has improved TREMENDUSLY since begininning using them. What I do mostly that works for me, and is most fun for me, is to learn the intro and a few key verses of a song, and then simply improvise the rest, which helps me practice my pentatonic scales and such. So I rarely ever learn an entire song note for note, but to jam along to a familar song and put my own spin on it is really rewarding. This book has many of AC/DC's well known songs, and the backing tracks are AWESOME! I learned "Dirty Deeds" and it's fairly 'easy' to learn the hook, then jam out the rest. The tone I can match perfectly with my Mustang III amplifier. Anyway, these guitar play along books are a lot of fun, and really help you become better.0 of 0 people found the following review helpful. following review helpful. Five StarsBy Lorne D. CurrieSo easy to follow and it came with the CD

(Guitar Play-Along). The Guitar Play-Along series will help you play your favorite songs quickly and easily! Just follow the tab, listen to the audio to hear how the guitar should sound, and then play along using the separate backing tracks. The melody and lyrics are also included in the book in case you want to sing, or to simply help you follow along. 8 songs: Dirty Deeds Done Dirt Cheap \* For Those About to Rock (We Salute You) \* It's a Long Way to the Top (If You Wanna Rock 'N' Roll) \* Let There Be Rock \* Moneytalks \* Thunderstruck \* T.N.T. \* Who Made Who.
