Phil Sutcliffe : AC/DC: High-Voltage Rock 'n' Roll: The Ultimate Illustrated History before purchasing it in order to gage whether or not it would be worth my time, and all praised AC/DC: High-Voltage Rock 'n' Roll: The Ultimate Illustrated History:

0 of 0 people found the following review helpful. Best history written...By Lance RI have loved AC/DC since I was a kid. I have collected a good amount of merchandise, and all of there albums. Phil Sutcliffe's book is THE BEST book about the band, period!! The illustrations are amazing. The photos and album art is rich as well. If you like AC/DC enough to want a book, GET THIS....0 of 0 people found the following review helpful. Very happyBy lisaGreat! I bought the books for my boyfriend. He was not sure which book it was he heard about, so the package of 3 at such a great price was perfect. The book was in there now he has a collection to catch up on!The books were here in what seemed like almost the very next day with the Prime.The price was good. Everything was really a good deal!0 of 0

people found the following review helpful. Like trying to read something written by a 3rd grader with ADHD. By EddieLike trying to read something written by a 3rd grader with ADHD. Skipped around all over the place. Interesting pictures, and I like some of the stories, but like a say, you REALLY have to be an AC /DC fan to want to buy this. Not worth more than \$1.

Formed in 1973 by brothers Angus and Malcolm Young, AC/DC has become one of the most popular rock 'n' roll bands in history. This massive new title follows the band from its roots in Sydney, Australia, to its most recent releases and sold-out world tours. No stone is left unturned, from the AC/DC's formation and early club gigs to its astounding worldwide success. A special cover incorporating Angus on a spinning disc gives way to more than 400 illustrations including handbills, posters, backstage passes, and vinyl from around the globe, as well as rare candid and performance photography. Sidebars from top rock scribes examine all studio releases and delve into the guitar gear of the Young brothers. The result is an awesome tribute to the band renowned for a live-wire stage show and a sonic attack that have attracted fans from all rock camps
