Philip Beesley : ACADIA 2013 Adaptive Architecture: Proceedings of the 33rd Annual Conference of the Association for Computer Aided Design in Architecture before purchasing it in order to gage whether or not it would be worth my time, and all praised ACADIA 2013 Adaptive Architecture: Proceedings of the 33rd Annual Conference of the Association for Computer Aided Design in Architecture:

Conference held October 24-26, 2013 in Cambridge, Ontario and hosted by the School of Architecture, University of Waterloo with the University at Buffalo, SUNY and the University of Nottingham. This publication contains peer-

reviewed and juried research on computational design focused on emerging themes of adaptive and complex systems within contemporary architecture.

About the Author Philip Beesley is a professor in the School of Architecture at the University of Waterloo. Omar Khan is Associate Professor and Chair in the Dept. Architecture at Buffalo University. Michael Stacey is Chair in Architecture and Director of Architecture at the University of Nottingham.
