**Hal Leonard Corp. : Acoustic Guitar Tab White Pages** before purchasing it in order to gage whether or not it would be worth my time, and all praised Acoustic Guitar Tab White Pages:

2 of 2 people found the following review helpful. Very satisfiedBy dmdixonThis book is jam packed with lots and lots of songs. Most of them are popular guitar standards from several generations and a variety of artists from several genres. Music is transcribed using tablature and standard notation. Songs are written using the real music (this is no "fake" book), you'll be learning the songs the way they're meant to be played. If you're an accomplished musician, this is a good book for you. If you're a novice, I'd stay way from this one for now...Learned so much from these, they are way better than any ive had before. Ive even let a few friends borrow them also. I highly recommend this product you will not be dissapointed.5 of 5 people found the following review helpful. Really useful collection.By Plein JaneThough as an older beginner I couldn't care less about a lot of the songs in this collection, there are a lot of songs in here I would like to learn to play, and this tab comprehensive format makes it easy. I have purchased online lessons for songs from various teachers, and more often than not find myself returning to this book to correct the tab provided

in the paid lesson. When I first started playing, I met with a young teacher who told me to throw out all my music books, because all published tabs and especially internet tabs are wrong and basically worthless. He had been playing and performing his entire life, and was really talented at transcribing songs by ear. I have learned a number of songs from this book, and for what I want to do -- just gain a deeper appreciation for songs I love by learning to play them -- books like this one, along with the abundant free or low-cost lessons online, have been really helpful. It is probably true that no one resource is going to give you the perfect as-recorded note-for-note transcription of any given song, but these arrangements will give you a pretty good approximation, and in some cases, sound really good. Highly recommend. 1 of 1 people found the following review helpful. Slightly Convolved steps to get readable music By Gravy Because the bulk of this book is guitar tablature and musical notation, I think people should know that the formatting for that on Kindle is a bit awkward. The music is, apparently embedded, meaning it doesn't scale if you adjust the text size, however, just today I discovered what I can do on my Kindle touch (not a fancy Kindle Fire or anything, on which devices things might be easier, I don't know): You have to highlight the music by touching and holding, after which a magnifying glass with a + sign will appear. Click the + sign and you will now see only the music, not the title. Once you have "zoomed" in on the music, you can use the pinching gesture, moving outward from a central point, to zoom in further. Thus, if you have a slightly older kindle, as I do, it's a bit convoluted, but it can be done. I also prefer to switch the settings to Landscape mode while reading the tabs and music, so that I can see at least an entire row at a time. If you don't follow these steps, it will be so small as to be nearly impossible to read, at least on a regular Kindle or Kindle touch. I can't speak for more advanced devices like the Fire and so on.

(Guitar Collection). This awesome collection features note-for-note guitar transcriptions with tab for 150 acoustic favorites from yesterday and today! Songs include: About a Girl \* Across the Universe \* Adia \* Angie \* At Seventeen \* Barely Breathing \* Behind Blue Eyes \* Best of My Love \* Bitch \* The Boxer \* Building a Mystery \* Change the World \* Come to My Window \* Crazy on You \* Drive \* Dust in the Wind \* Fast Car \* Galileo \* Here Comes the Sun \* I Am a Man of Constant Sorrow \* Iris \* Jack and Diane \* Layla \* Learning to Fly \* Leader of the Band \* Leaving on a Jet Plane \* Loser \* Maggie May \* Mr. Jones \* More Than Words \* Name \* Not Fade Away \* Patience \* Pinball Wizard \* Pink Houses \* Signs \* Silent Lucidity \* Southern Cross \* Suite: Judy Blue Eyes \* Superman (It's Not Easy) \* Sweet Home Chicago \* 3 AM \* Tears in Heaven \* Time for Me to Fly \* Time in a Bottle \* Torn \* Wonderwall \* Yellow \* Yesterday \* You've Got a Friend \* and many more unplugged gems.

About the Author Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time.
