Tom Swimm : Acrylic Painting Step by Step (Artist's Library) before purchasing it in order to gage whether or not it would be worth my time, and all praised Acrylic Painting Step by Step (Artist's Library):

6 of 6 people found the following review helpful. Oy vey!By Big ReaderMy disappointment threatened to begin when I saw that the book is so small. I took off a star for the text font being so tiny. Another star fell because the illustrations are so small and the details are not large enough. I suppose a smaller size book costs less to print, but who wants to strain their eyes reading? The paintings are interesting, and they are also very busy. So, the size of the book doesn't do them any justice.I am not returning this book. I intend to make use of it. But if it is to go through another printing, I hope the author can get the printer to double the size of the pages.2 of 2 people found the following review helpful. Not really for a beginner...By NanaZThis may be a good book for a more knowledgeable person, but since I am just beginning, (I've only completed two paintings), it's really over my head. I have read through the book, and there is a lot of information, it's easy to read, but many details are outside of my knowledge base. Plus, most of the projects

require sketching ability, which I currently don't have. Guess I will have to find a learn to sketch book! I will keep this and return to it when I have more experience.0 of 0 people found the following review helpful. Not worthy the moneyBy BetaThis book is a very general introduction on painting with acrylics and not a step by step type of book. I feel like I got a general idea of some techniques but wouldn't be able to apply them to any paint. I would spend more in better detailed book that really teach how to paint instead of just giving you a general idea of it.

Beginners and accomplished artists alike are attracted to the beauty and versatility of acrylic painting. In this comprehensive book, you will find all the instruction and inspiration you need to master the medium or improve your painting skills. Accomplished artist Tom Swimm guides you step by step through 12 stunning acrylic projects, offering easy-to-follow instructions along with his personal artistic insights. Acrylic Painting Step by Step covers dozens of beginning and advanced acrylic techniques, from underpainting and glazing to impasto and texturizing. You will learn to paint a variety of subjects, including a lively floral, a striking still life, an eye-catching street scene, and a gorgeous seascape.
