Highly recommend this book for those interested in learning how to paint with acrylics. Fun book!1 of 1 people found the following review helpful. Great book for those interested in painting.By Frank LamitolaThis my second book from this author and I really like her way of outlining the start,

mid point and finished art pictures. She provided more information then I presently have from previous work I've done in painting, and so I thought it deserved five stars. The best thing was finding it in kindle format so I'll always be able to refer back to it on any of my devices anywhere.Thanks Lee!

Instruction for Beginners - Results Like a Pro! You can learn to paint with skill and confidence. Lee Hammond makes painting with acrylics accessible and fun with sound guidance, practical tips and encouraging advice. As Lee explains, the magic of acrylic painting is in the layers. Painting in layers makes it easy to block out shapes, add details and cover mistakes. Just follow along step by step, and in no time you'll be painting a variety of beautiful subjects so realistic and detailed no one will believe you're just a beginner. Starting with the basics, Lee's masterful instruction includes: Help with choosing brushes, paints and other materials Easy methods for thinning paint, mixing colors and preparing surfaces Visual explanations of color and composition Close-up instruction for getting the details just right, including textures, shading, reflections, highlights and skin tones 40 step-by-step painting demonstrations for painting still-lifes, landscapes, portraits, flowers, animals and more Try Lee's proven techniques and start achieving the paintings of your dreams!
