A solid guide for drama therapistsBy PayalA great resource for anyone practising drama therapy, especially those just starting out or who haven't been working in the field for a very long time. It's best suited for practitioners at an intermediate level in their careers. It's also a good buy for intermediate practitioners who feel like they need some help in developing newer and more evolved session plans.1 of 1 people

found the following review helpful. Great Drama Therapy Read!By rainbowgurl23If you're curious about what Drama Therapy is then this is the book for you! It focuses specifically on Reneacute;e Emunah's Five Phase Integrated Model and it gives detailed descriptions along with case studies and a list of techniques.Definitely an important read for any serious Drama Therapy practitioner.0 of 0 people found the following review helpful.
