**Judy Kerr : Acting Is Everything: An Actor's Guidebook For A Successful Career** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Acting Is Everything: An Actor's Guidebook For A Successful Career:

0 of 0 people found the following review helpful. Excellent, No-nonsense, JAM-PACKED with info!! By Mike Phillips I must say I was pleasantly BLOWN AWAY with the massive amount of information in this little gem! This book deserves the full 5 star rating it is getting, and then some! It has info on every aspect of the biz, from how to act, to getting photos, to agents, business manager, money management, wardrobes, casting directors...plus there are dozens of interviews and inside scoops on everything. For example, in the section on casting directors, she brings in 2 or 3 casting directors into the book, with their comments and suggestions--it's like getting the benefit of actually interviewing these folks!! And there are dozens of experts she quotes throughout the book, along with her own considerable expertise as well. Not to mention, at the end of every section is a list of resources: who to call, how much

to expect to pay, why she recommends them...This is really 3-4 books in one at over 600 pages. In fact, the ONLY negative about this book is how darn HEAVY it is! It's hard to hold it for long periods of time (Judy, an audio version? Hint hint!)I can't say enough about how fabulous this book is; a REAL eye-opener. My respect for actors and what they go through has jumped immensely, and I have a much better handle on what it's going to take to create a successful career for myself. Thank-you Judy!!!!1 of 1 people found the following review helpful. Excellent resource!By Jeff L.This was the first book I bought upon arriving in LA to chase the dream, and I am very thankful for the wealth of information included in this Hollywood "bible"! As a matter of fact, I wish I'd read it way before I got here, as I would've been much better prepared for the business that is this show business. I highly recommend it to anyone who's ever dreamt of making it in Hollywood, especially for those who are planning on moving here. So many budding actors come having no idea what to do once they get here, and especially of the expense involved in establishing yourself, finding representation, networking, and taking various classes, workshops, and seminars to boost your resume and get your name out there. This can be a tough town, and it's easy to feel overwhelmed at times, but any and all planning you can do in advance to allow you to be smarter and more strategic about your career is absolutely beneficial, and I feel this book is without a doubt a great first step in what will hopefully be an exciting and fulfilling journey. Thanks so much Judy!!0 of 0 people found the following review helpful. Such a great book to have handy.By CustomerI haven't gone through the entire book, but I will say that since I started flipping through each section, it's helped me soooo much. I started booking more and received call backs more frequently. Such a great book to have handy.

In this actor's guidebook, renowned acting coach Judy Kerr shares her lifetime of techniques and tricks of the trade. She opens the doors of Hollywood to acting hopefuls and professionals with a straightforward road map for building their dreams and careers. The previous 11 editions have contributed to the success of thousands of readers.
