Christopher Smith : Adobe InDesign CS6 Digital Classroom before purchasing it in order to gage whether or not it would be worth my time, and all praised Adobe InDesign CS6 Digital Classroom:

0 of 0 people found the following review helpful. Five StarsBy CustomerHighly recommend. Easy to understand.0 of 0 people found the following review helpful. Well worth your money!By Jason HallThis line of books is better and cheaper than going to a school of design. Although it will not completely replace the classroom and a teacher with years of knowledge, it does cover the basics and starts you down the right road for using Adobe's products.0 of 0 people found the following review helpful. Highly Recommended Training Book for InDesign CS6By PhillipI purchased this InDesign CS6 training book based on other favorable comments and I do not regret my decision at all. This book is excellent and the training videos are very easy to follow and very informative and useful. While the training videos are also available online, I recommend copying the videos to your computer for uninterrupted and easier viewing; I have experienced some "video not available" warnings and delayed downloading while trying to watch the videos online. While I do have some experience with InDesign CS6, I still found this book very informative, useful, and will be a great reference book for current and future use.

Expert book-and-video package helps you conquer Adobe InDesign CS6 Whether you want to create sophisticated page layouts for print or electronic books or produce dazzling brochures and other publications, chances are Adobe InDesign is the design and page layout tool you'll call upon. Now you can enhance your creativity and discover all the ways to use Adobe InDesign with this book-and-DVD training package. Thirteen self-paced lessons teach you how to design, produce, and develop streamlined workflows for page layout. Each lesson is accompanied by a video tutorial that clearly demonstrates techniques and further explains concepts. A complete Adobe InDesign book-and-video training package from the expert instructors at the AGI Creative Team Thirteen self-paced lessons allow you to absorb the material at your own pace Includes short, downloadable videos that demonstrate techniques and further illustrate and explain concepts Covers the basics, the essentials, and seasoned techniques, as well as new features of InDesign CS6 Adobe InDesign CS6 Digital Classroom is like having your own personal instructor guiding you through each unique lesson. Note: The DVD and other supplementary materials are not included as part of the e-book file. These materials are available for download upon purchase.
