**Jody Long : Adorable Baby Knits: 25 Patterns for Boys and Girls (Dover Books on Knitting and Crochet)**  
before purchasing it in order to gage whether or not it would be worth my time, and all praised Adorable Baby Knits: 25 Patterns for Boys and Girls (Dover Books on Knitting and Crochet):

0 of 0 people found the following review helpful. i hate knitting from downloaded patterns on my ipadBy Marjorie abelljust what i was looking for...i hate knitting from downloaded patterns on my ipad!!!! i need the printed book!!!0 of 0 people found the following review helpful. Missing patternBy CustomerThe ebook does not contain the pattern I was looking for. The designers page and Ravelry both list the "Emma" sweater pattern as one of the patterns included in the book, however it is not there. Very disappointed and wish I could return the book for a refund.1 of 1 people found the following review helpful. Adorable knit items for babiesBy Jbarr5Adorable Baby Knits by Jody LongTakes a while for the book to load in due to high content of the photography but well worth it.Talks about different aspects of

making the outfits-if you can substitute yarns, needles needed, stitches explained and glossary of terms. First project starts out with blocks and skill level shown and charts so you can work the rows. Not very complicated and easy to follow along. Next project is booties and they look and are easy to make. Abbreviations and stitches used are described in detail and row by row instructions are given for many different sizes. Every pattern has its own photograph, highly detailed and close up. Such adorable color combinations and great garments to make for any child living in any climate. Acknowledgements and sources for supplies is listed at the end. Liked this book because of the variety of patterns and stitches used. My favorite to try would be the rosette blanket so I could make it larger or smaller sizes. Love the cabled items as those are the ones that draw me to a book. Something for everybody, boys and girls alike, to start out with in this book. Received a digital copy for review via Dover Publications via Netgalley and this is my honest opinion.

Intermediate to advanced knitters will adore these original designs, which offer a modern take on classic infant knitwear. Twenty-five patterns, arranged by skill level, include booties and matching hats, blankets, a vest, and a dress as well as a generous selection of sweaters, cardigans, and coats. The patterns incorporate cables, lace, bobbles, color work, and a variety of other techniques that lend a distinctive charm to each item. All projects feature clear directions as well as charts, schematics, and color photos. Projects include booties in fisherman's rib and seed stitches, rainbow booties with matching hat, flower picot and frilly sun hats, and blankets with teddy bear and rosette motifs. Sweaters range from sheep, daisy, and nautical styles to swing, fringed, and loop stitch cardigans. Other patterns include an easy henley, zigzag bolero, peplum coat, moss stitch duffle coat, cabled vest and pullover, lace and seed stitch dress, and more. An ideal source of fresh ideas and personalized presents, this book is also a great gift for anyone with a knack for knitting.
