Wren's star turnBy FrSkipAll of the service material, while suitable, is evidently composed by the author and his wife, to include the suggested music, for which vocals are provided w/o melodies or accompaniment. The book comes with a CD, which is just a copy of the book, again, w/o anything to aid

in assessing music difficulty, etc. Fees for use of copyrighted music used in book are not included, which I believe should have been included to the purchaser. This book is probably best used in a denominational setting which does not have a defined liturgical format, and in which the program will be used as presented. 0 of 0 people found the following review helpful. Preeminent hymn writer and liturgist Brian Wren offers this new collection of worship resources suitable for use in a variety of worship traditions. These theologically sound and creative worship resources include orders of worship (liturgies) and worship elements such as litanies, calls to worship, thanksgivings, and affirmations of faith, all crafted to encourage rhythmic public responses during worship. This book is Scripture based and Scripture oriented. All the worship materials are compatible with the Revised Common Lectionary, but can also be used in churches that do not use the RCL. Additional features include a Scripture index and a topical index listing items that can be used on other occasions during the church year.

About the Author Brian Wren is Professor Emeritus of Worship at Columbia Theological Seminary in Decatur, Georgia. He is a well-known hymn writer and the author of *Praying Twice: The Music and Words of Congregation Song*, published by WJK.
