before purchasing it in order to gauge whether or not it would be worth my time, and all praised African-American Life in Sumner County (Images of America (Arcadia Publishing)):

Early African Americans in Sumner County, both slaves and free, left a legacy not only of beautiful brick buildings and sturdy stone fences, but also a social history as rich and varied as the many tribes they represented. This exciting book is an invaluable resource for anyone interested in the immeasurable contributions, undeniable services, and the devotion of black Americans to the evolution of Sumner County's communities. Many of the sienna-hued photographs and Civil War-era tintypes presented here were taken when folks wore their Sunday best and didn't smile for the

camera. These images, many never before published, capture everything from a creek baptism and bonnet worn by a local slave, to views of families and schoolchildren. The volume covers most of the early settlements in Sumner County where African Americans largely resided, from Rockland and Avondale to Scattersville, Parkers Chapel, and Gallatin.
