Natasha Fraser-Cavassoni : After Andy: Adventures in Warhol Land before purchasing it in order to gage whether or not it would be worth my time, and all praised After Andy: Adventures in Warhol Land:

9 of 9 people found the following review helpful. Bait and SwitchBy Amy L FletcherThe fizzy champagne writing style could merit a 4 or 5-star review: this book is lively and gossipy and moves along at a bouncy pace. My problem with the book is that the title is a "bait and switch." We get tidbits on Andy Warhol at the start and then a very long digression into the author's memories of a glittering childhood filled with aristocratic British friends and family, drafty but charming old estates, post boarding schools and honorary titles and lots and lots of lovely parties. I thought I was buying a serious account of Andy Warhol's work and the art scene of the 1970s and 1980s, but this book is instead a

Beatrix Pottery memoir of a lovely and privileged girlhood that morphed into a lovely and privileged stint as an art assistant in Manhattan. It isn't this woman's fault that she was born to such a storied English background and she is a good writer. Yet since I neither know her nor care that much about her--and especially since I was expecting to read about Andy Warhol -- even the charming bits of her memoir start to grate and seem self-indulgent. (This is especially true when we get to the obligatory set piece about Mick Jagger.) I would like to ask for my money back--not because the book is necessarily bad, but because the cover and title are highly misleading.3 of 3 people found the following review helpful. More Natasha Than Andy: But Still Gossipy FunBy Pageturner in NYCNatasha Fraser-Cavassoni was hired to work at Andy Warhol's studio four days before Warhol's death on February 22, 1987. Although their working relationship was brief, Fraser-Cavassoni (Sam Spiegel: The Biography of a Hollywood Legend) had met the pop artist seven years earlier, when she was 16. In 1980, Fraser-Cavassoni, the daughter of novelist and historian Lady Antonia Fraser and step-daughter of playwright Harold Pinter, was already running with a fast, glittery crowd and was months away from an affair with Mick Jagger ("Mick had the power to intoxicate") that landed her, Jagger and Jerry Hall in national tabloid headlines. The bewigged Warhol is definitely a supporting player in this flashy, name-dropping memoir, but fortunately Fraser-Cavassoni's jet-set life, celebrity encounters and high-profile jobs make for a fast read and a gossipy good time. With jobs at Interview, Women's Wear Daily and W magazines, she was at all the art, fashion and film parties. Anna Wintour helped her get hired working under Karl Lagerfeld at the Chanel Studio, while aging cosmetics pioneer Esteacute;e Lauder threatened to have her deported. When the focus turns to Warhol and the running of his empire after his early death (he died at 58 from complications after gall bladder surgery), Fraser-Cavassoni offers a front row seat at the jockeying for power, the marketing of his image and the posthumous publication of Warhol's diaries in 1989, which caused uproar among fashionable society. AFTER ANDY reads like a delicious gossip column covering the wild antics of those in the art and fashion world. Natasha Fraser-Cavassoni's AFTER ANDY shares her deliciously gossipy view of the fashion/film/art world from her front row seat at Andy Warhol's studio.5 of 5 people found the following review helpful. Has not much to do with Warhol to justify it's ...By Victor M. RodriguezHas not much to do with Warhol to justify it's title. It's the memoires of a socialiteacute;, lists of famous people- something that has nothing to do with what I expected from cover title. First Audiobook I return (out of 600).

After Andy is Natasha Fraser-Cavassoni's insider's account of working in Andy Warhol's studio and Interview magazine, and explores Warhol's impact on the art world, pop culture, society, and fashionmdash;and how his iconic status gave rise to some of our most influential tastemakers today. Natasha Fraser-Cavassoni met Andy Warhol when she was sixteen, and then on and off over the years before landing in New York City at the Andy Warhol Studio, or as she calls it, "Adventures in Warhol Land." In this witty, page-turning account, she takes readers deep into the Pop artist's worldmdash;as well as miles into the stratosphere of the socialites, fashion icons, film stars, rock legends, and art world powerhouses who could be found in his orbitmdash;where she worked with Fred Hughes, Brigid Berlin, Vincent Fremont, and others who were once part of the Factory clan. As the last person hired at the studio before Warhol died in 1987, Fraser-Cavassoni saw firsthand the end of an era and the establishment of a global phenomenon. From the behind-the-scenes disagreements and the assessment of his estate, which included Interview magazine and his art inventory, to the record-breaking auction of his belongings and the publication of his diaries, Fraser-Cavassoni examines the immediate aftermath of Warhol's death and his ever-growing impact, which ranged from New York to Los Angeles and throughout Europe. Interviews with key figures of the art world and dozens of Andy intimates make After Andy and its subject more relevant than ever today.

"Natasha Fraser-Cavassoni's After Andynbsp;opens up a can of Pop art and power." mdash;Vanity Fairnbsp; "In this witty memoir, former *It girl* Natasha Fraser-Cavassoni spills the beans on Warhol and his inner circlehellip;In hilarious anecdotes and hard-hitting interviews, [she] explores Warhol's indelible impact on the art world and pop culture." mdash;Artnet.comnbsp; "[An] engaging look at Warhol's social matrix from the early days of the Factory to the impact of his personal aesthetic on art, fashion and popular culture decades beyond his deathhellip;a serious and worthwhile addition to Warhol studies because of the wealth of knowledge [Natasha Fraser-Cavassoni] brings to the subject." mdash;Tony Norman, Pittsburgh Post-Gazettenbsp; "Natasha Fraser-Cavassoni, a fashion journalist and writer, tells allhellip;in her new memoir, *After Andy*." mdash;Elle Decor" [A] glitz chroniclehellip;lavishly detailedhellip;exposing the true glamour of the Warhol-ian worldhellip; Fraser-Cavassoni unleashes an intriguing stockpile of anecdotes that will delight Warhol's legion of admirershellip; A pop icon's star-studded legacy decorated with red-carpet prestige." mdash;Kirkusnbsp; "With poignancy and lots of laughs, Natasha Fraser-Cavassoni takes us straight to the heart of celebrity culturemdash;by way of 1970s London, 1980s New York, and 1990s Paris.
