Even if you've only heard the cd you would also enjoy it. This book also has some pictures from the broadway version.1 of 1 people found the following review helpful. Great audition pieces!!By Ryan J LaneI love the show and the music!!! This score will help me when it comes to auditioning for rock musicals!!!12 of 12 people found the following review helpful. Aida songbookBy Sarah E. HydeThis book is very thorough, includes most all of the songs from the show. Chords are provided for less advanced musicians, but the piano score is quite difficult - not for beginners! Intermediates will be able to play about half the songs easily. True to the soundtrack, and all the parts are provided as well as the lyrics and details about which character is singing. Love this book!

(Vocal Selection).
