WestGreat read and explanations of the great little city of Alexandria, Minnesota

Alexandria is situated near the center of Douglas County, surrounded by a chain of beautiful lakes. These lakes brought pioneer settlers to the area as early as 1858, when Minnesota achieved statehood and the town was established. The lakes remain a key factor that continue to draw residents and visitors. The images in Postcard History Series: Alexandria tell the community's story, recalling fond memories of the businesses, churches, homes, schools, and recreational opportunities that form the generous and caring nature of the welcoming community that is Alexandria.

About the Author Barbara Grover has been a resident of Alexandria since 1960. She has been actively involved as a volunteer in the community following her retirement in 2001 as executive director of the Douglas County Historical Society. She is the author of Images of America: Alexandria, published in 2013. The images in Postcard History Series: Alexandria come from the Douglas County Historical Society and private collections.
