Also have bought other Alfred's Basic Piano books and I have never read music before but now am reading notes and playing tunes. Started in February. I do have a piano instructor that I meet with 30 minutes once a week and this helps.1 of 1 people found the following review helpful.

Hard for me. By H. Goodman I'm just starting in this book, and maybe I need to spend more time on book 1. There is not a lot of instruction in this book, so maybe I'm supposed to know it all by now. I don't. I could still use some guidance. 0 of 0 people found the following review helpful. Great book By Jessie A. Massoudi I bought this for one of my students and this is one of my favorites for my adult beginners

This book begins with an extensive review of the chords and keys previously studied, using fresh and interesting material that will provide enjoyment as well as reinforcement. Particularly noteworthy is the systematic presentation of chords in all positions in both hands.
