Gayle Kowalchyk, E. L. Lancaster : Alfred's Basic Adult Piano Course - Notespeller Book 1: Learn How to Play Piano with This Esteemed Method before purchasing it in order to gauge whether or not it would be worth my time, and all praised Alfred's Basic Adult Piano Course - Notespeller Book 1: Learn How to Play Piano with This Esteemed Method:

2 of 2 people found the following review helpful. Great Concept but No Answer Key By BJBGreat concept but NO ANSWER KEY so there is no way for this to be checked for accuracy! What good is it if a learner cannot check his / her own work or have a parent / guardian check it with an answer key. Only someone who knows how to read notes would be able to check this for accuracy. This is not good for those who are trying to teach self or do extra work / practice on their own outside of lessons b/c there is no answer key. Also, pages that introduce new chords should first

picture the chord for the user and identify it. Instead, the book just has the user fill in names of notes and the user is to assume that it is a particular chord. These pages (10, 11, 12 for examples) could be more comprehensive in nature considering the size of each page. Even adults could use the extra support that a labeled, pictured chord could provide. 0 of 0 people found the following review helpful. Needs an answer key. By Grebbx Needs an answer key. 1 of 1 people found the following review helpful. This is a great way to strengthen your music reading skill By Stefanie I needed extra music reading study material. This is a great way to strengthen your music reading skill.

This book reinforces note reading concepts through written exercises. An excellent review for adult students who are returning to piano study, this can also serve as an effective supplement for other piano methods.
