**Willard A. Palmer, Morton Manus, Amanda Vick Lethco : Alfred's Basic Piano Prep Course for the Young Beginner: Theory Book, Level C (Alfred's Basic Piano Library)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Alfred's Basic Piano Prep Course for the Young Beginner: Theory Book, Level C (Alfred's Basic Piano Library):

0 of 0 people found the following review helpful. EssentialBy CustomerI require the companion theory book for every student. Alfred's is the best overall system for my students. The lessons are progressive and interesting. They pair perfectly together with three lesson book to reinforce what is being learned. I highly recommend Alfred's system for

all young students of piano. I've been teaching for years and each of my students use the theory book with the lesson book. From 6 years to 6th grade, all my students advance at their pace using Alfred's. Local music stores have stopped carrying books in stores. I can only find them online. 0 of 0 people found the following review helpful. They are wonderful. By Bridget Baert Have used these books for 8 of my nine children. They are wonderful. 0 of 0 people found the following review helpful. The book is totally new and shipping is quick. By michelle nguyen The book is totally new and shipping is quick.

Designed to coordinate page-by-page with the Lesson Books, each Theory Book contains enjoyable games and quizzes that reinforce the principles presented in the Lesson Books. Students can increase their musical understanding while they are away from the keyboard.
