Willard A. Palmer, Morton Manus, Amanda Vick Lethco : Alfred's Basic Piano Prep Course - Lesson D: Learn How to Play from Alfred's Basic Piano Library before purchasing it in order to gauge whether or not it would be worth my time, and all praised Alfred's Basic Piano Prep Course - Lesson D: Learn How to Play from Alfred's Basic Piano Library:

0 of 0 people found the following review helpful. Great book for teaching kids all by yourself! By Ike Snopes Great book for teaching kids yourself, without the cost of a pricey piano teacher, as long as you know at least something about the piano. If you are trying to produce the next Mozart, this might not be the best book. Or you might need to supplement it with other books that stress the fundamentals of technique. But if you want your child to really enjoy

learning piano, it's an excellent choice.0 of 0 people found the following review helpful. Five StarsBy sichendaiIt is good!1 of 1 people found the following review helpful. OK for younger students but songs are boringBy S. SchmittThe prep course is OK for young students (ages 4-6) but the songs are rather boring. Some students may find them too "babyish" and the words are rather ridiculous. I use traditional method books for learning to read music and concepts but only for the first few years. After that they become irrelevant.

Alfred's Basic Prep Course, Levels A through F, was written to answer a demand for a course of piano study designed specifically for students who are five years old and up. This course offers a careful introduction of fundamentals, music that fits comfortably under the young student's normal hand span, plus constant reinforcement--all leading to results beyond those generated by other piano methods. After Lesson Book D, the student may progress to Prep Course, Lesson Book E or choose to go directly into the faster paced Level 2 of Alfred's Basic Piano Library. The complete Prep Course consists of six books (Levels A through F).
