They did a great job making this work for very young kids. It slowly introduces concepts and does little things like showing which hand is left and which hand is right.0 of 0 people found the following review helpful. Perfect for what I

Designed to coordinate page-by-page with Lesson Book A. Contains enjoyable games and quizzes that reinforce the principles presented in the Lesson Book. Students can increase their musical understanding while they are away from the keyboard. The Universal Edition is designed for all English-speaking countries outside of the United States, including Canada, the U. K., and Australia. This edition uses the British system of terminology for rhythmic values such as "crotchet" for quarter note.
