It seems that the publisher scanned all the sheet music with terrible quality, to begin with. The pages that are sheet music are visible as figures in Kindle, therefore you can only fit to screen, you cannot move it around or zoom it like in a pdf file. When you look at these pages in your PC, since the quality of the Pictures is bad, the size does not fix the problem. Also, in the PC you can only fit it to the screen and this is not good at all. Would be better in pdf file, with higher quality.0 of 0 people found the following review helpful. Alfred's Group Piano for Adults Teacher's Handbook,By CustomerThe text book doesn't give enough examples and is not clear. There is no way to know if your answers are right without the teachers handbook. For those who study on their own Alfred is a bit short.0 of 0 people found the following review helpful. Four StarsBy Lynn A. DeckerIt is what it is...a teachers edition
