The only issue I had was with the binding. My brothers dog literally latched onto it with her teeth and then in one swipe ran off

with it. If it was spiral bound, I think it'd make my life a lot easier.0 of 0 people found the following review helpful. Came in quickly as designed and was in good order. This comprehensive approach to functional musicianship at the keyboard includes varied repertoire, theory, technique, sight-reading, harmonization from lead sheets, ear training and ensembles. Great for college non-music majors, continuing education classes, music dealer in-store programs and group piano classes at the middle and high school levels. Book 1 contains 15 units each with a variety of repertoire, exercises, unit review worksheets and an assignment page.
