Alice Cooper : Alice Cooper, Golf Monster: A Rock 'n' Roller's 12 Steps to Becoming a Golf Addict before purchasing it in order to gage whether or not it would be worth my time, and all praised Alice Cooper, Golf Monster: A Rock 'n' Roller's 12 Steps to Becoming a Golf Addict:

0 of 0 people found the following review helpful. Great bookBy Michael CaseyIf you don't know much about Alice Cooper, this is a great book, and really provides insight into Alice as a person, and how he has turned his life around. I

was an Alice Cooper fan before, and an even bigger one now. A fun and easy read.0 of 0 people found the following review helpful. "I love the dead" and Alice!By Dr FAZThis is the book for Alice fans. I have bought and shared multiple copies. I especially enjoy the Audible version as Alice tells his own story.0 of 0 people found the following review helpful. Alice is "The Man"By Robert ShealyIf you don't like Alice Cooper there's something wrong with you. Out of all the rock bios I've read this is one of the best. Seems like he's just an average joe with a ton of drive (pun intended). I've never been interested in golf but Mr. double eagle has me thinking about playing a round now. Oddly enough rock stars playing golf seem to be a pretty common thing. Don't be fooled by the title. This book also has a ton of good insight as to what it took for those guys to make it. Alice Cooper was and still is the original shock rock band that your parents were afraid of. I'm glad I was part of the generation that got to live part of it. Pretty cool that he was Grouchos pal among others like John Lennon, Frank Sinatra etc. etc. good read.

The man who invented shock rock tells the amazing and, yeah, shocking story of how he slayed his thirsty demons;with a golf club. It started one day when Cooper was watching a Star Trek rerun between concerts, bored and drunk on a quart-of-whiskey-a-day habit; a friend dragged the rocker out of his room and suggested a round of golf. Cooper has been a self-confessed golf addict ever since. Today he and his band still tour the world, playing some one hundred gigs a year . . . and three hundred days out of that year, Cooper is on the course. Alice Cooper, Golf Monster is Cooper's tell-all memoir; in it he talks candidly about his entire life and career, as well as his struggles with alcohol, how he fell in love with the game of golf, how he dried out at a sanitarium back in the late '70s, and how he put the last nails in his addiction's coffin by getting up daily at 7 a.m. to play 36 holes. Alice has hilarious, touching, and sometimes surprising stories about so many of his friends: Led Zeppelin and the Doors, George Burns and Groucho Marx, golf legends like John Daly and Tiger Woods . . . everyone is here from Dali; to Elvis to Arnold Palmer. This is the story of Cooper's life, and also a story about golf. He rose from hacker to scratch golfer to serious Pro Am competitor and on to his status today as one of the best celebrity golfers around;all while rising through the rock 'n' roll ranks releasing platinum albums and selling out arenas with his legendary act. From the Hardcover edition.
